EMPLOYMENT HISTORY

Front-end developer(internship) , Nexeven AB, Stockholm   **2018**

Internship where I had to learn how to use amCharts and typescript together with angular.

IT Support, H&M – Stockholm   **2016**

Worked as in-house IT support and unlocked people's accounts, gave them permissions, installed applications and fixed issues with various applications.

Personal assistant, Humana, Stockholm   **2015 - 2016**

Helped the guy with stuff he couldn't do, such as cook, clean and remind him to take his medication.

I was also there to keep him company in case something were to happen.

Customer service, Tradera, Stockholm   **2014**

Helped them with suggestions to what to have on their faq pages and moderate their forum.

Web developer(internship) , SinoSweIT, Stockholm   **2012**

Got to learn how the CMS DotNetNuke works and solve some problems he gave me.

Web developer(internship) , Crowdlogistics, Uppsala   **2011**

Helped out with a first draft on the design of their website.

Web developer(internship), Servicestart.se, Stockholm   **2008**

I designed a couple of templates they were going to use for their website.
